

Alexandra Golf Club is offering a special deal for locals to join our club at half price single membership for 2022 – 2023 financial year for new memberships. Come and make the most of this offer by signing up now for \$225 for adults for the 12 months which gives you unlimited access to the course to play and enjoy a good walk whilst honing your skills. The Alexandra Golf Club has enjoyed many years of providing a recreational playground for those who want to play golf seriously and battle their own demons to get their handicap down, or for those who just want to enjoy the company of others for a social gathering whilst being outdoors and active.

If you're a young aspiring golfer, the deal is even better. 15 and under it is just \$30 per year and for 16yrs – 21yrs it is just \$75. Again this gives unlimited access that covers green fees and is to encourage young people to get involved with the club to hopefully fill their free time learning a lifelong skill for social or serious golf.

The club has over 130 members covering a diverse age range with competitions weekly. On Wednesdays there is a women's competition, on Tuesdays a men's competition and on Saturdays one for both men and women.. During the daylight savings months we have the very popular Thursday evening 9 hole "Chook Run" which is very attractive for our local families.

Members are very welcoming to learners, helping them to develop their skills and encouraging them to take part in competitions.
